## GEN. VILLA'S ADVANCE GUARD HAS ENTERED THE MEXICAN CAPITAL

El Paso, Texas, Nov. 27.—A part of General Villa's forces have entered Mexico City, but Villa remains at Toluca. A train, the first in many weeks, left Mexico City today for Juarez. This was learned when rail and wire communications were opened between the national capital and the border. An official Villa report today said that General Caballero, the Carranza leader, whose troops hold Tampico, had recognized the convention party.

Washington, Nov. 27.—First Chief Carranza and General Obregon and Alvarado were expected to enter the town at four o'clock. Automobiles and cars carrying airplanes and several train loads of other property had just arrived from Mexico City. The Mexican gunboat Zaragosa was in the harbor. While there was a strict censorship Council Canada was assured that all official cables had been sent. General Aguilar, the Carranza commander, had called at the American consulate and through Consul Canada had extended congratulations to this government upon the orderly manner upon which the evacuation was made and the clean condition in which he found the city.

From Mexico City came a report that the property of an American dairyman named Hill, on a ranch near the city had been looted by soldiers. The state department has been notified.

## U. S. OWES GREAT BRITAIN FIVE BILLION DOLLARS; LARGE ENGLISH WAR LOAN IS NOW OVER SUBSCRIBED

London, Nov. 27 (2:45 p. m.)—Chancellor of the exchequer Lloyd George announced in the house of commons today that war loan of £350,000,000 (\$1,750,000,000) has been greatly over-subscribed.

In the course of a statement concerning financial conditions in the country, the chancellor stated that the financial deadlock which followed the outbreak of war was due, in inability to collect outstanding debts abroad.

As an instance, Mr. Lloyd George referred to the United States which he said "owed Great Britain about a thousand million sterling (\$5,000,000,000). We could not do business," he added.

Giving instances he referred to the cotton trade and said that all the movements from the plantations to the ultimate destination of the cotton were represented by paper signed either at London, Manchester or Liverpool. When the United States bought cotton or silk, or tea in China, payment was made through London by means of these documents. That showed, Mr. Lloyd George said, how complicated the system was.

Paper issued in London had become a part of the currency of the world. Into this fine delicate paper machinery had crashed a great war, affecting two-thirds of the people of the whole world and confusion was inevitable. It was as if a violent kick had been given to an ant heap and for a moment there was confusion and panic.

## AHA! JUST AS WE SUSPECTED; TURKS LAY BLAME ON LAUNCH

Washington, Nov. 27.—The Turkish commander of the forts at Smyrna lays all responsibility for the firing upon the cruiser Tennessee's launch, "to the indifference of the helmsman of the launch who it is said did not heed warning in the presence of mines." Secretary Bryan today issued a supplemental statement upon the Tennessee incident based upon the latest communication from the Turkish minister of war to Ambassador Morgenthau in Constantinople.

## WARSHIP EXPLOSION CLOAKED IN MYSTERY; 14 OF CREW SAVED

London, Nov. 27.—The destruction of the battleship Bulwark off Sheerness, England, yesterday in which at least 700 of her crew lost their lives, is yet shrouded in mystery. It can only be decided by official investigation whether the explosion was due to accident or caused by design of an enemy. The investigation began this morning. It, however, is the opinion of many naval men that an internal explosion, due to handling ammunition with which the ship was being supplied from a lighter, was the cause of the catastrophe. Only fourteen of the crew escaped. The Bulwark was one of the older line battleships and cost \$5,000,000.

Sheerness, Eng., (Via London, Nov. 27.—Thirty bodies from the British battleship Bulwark were recovered from the river Thames today.

## GERMAN WAR BULLETIN

Berlin, Nov. 27 (by wireless to London, 3 p. m.)—An official announcement given out in Berlin today says:

"English ships did not attack the coast of Flanders again yesterday. There have been no actual changes along the battle front in the western arena. To the north of Langemarck we have taken a group of houses and made a number of prisoners.

"Our attack in the Argonne region has made further progress. French attacks in the neighborhood of Apremont in the east of St. Mihiel were repulsed.

## Champion Ohio Corn Boy Receives Medal

Lima, O., Nov. 27.—Governor-elect Frank B. Willis, this afternoon addressed a large audience including the Allen county corn boys and girls. Arnett Rose, of Angalia township, Allen county, was presented with a medal by the state in honor of his attainment of the champion Ohio corn boy for 1914.

Parade preceded the meeting, the Hicksville boys' band and the living Sun girls' band which are to accompany the corn boys special in the east, were in line as well as 1500 boys and girls.

Governor-elect Willis devoted most of his address in recounting the achievements of the corn boys of the state this year.

## EXPENSES OF EMPLOYEES

Columbus, O., Nov. 27.—State Auditor Donahue announced today that he will ask the legislature, when it meets in January, to pass a law prohibiting the state from paying any traveling expenses, except railroad fare, for any state employees, most of whom time is spent on the road.

"Grant these men ample salaries and require them to pay their own expenses," says Auditor Donahue, in his annual report, which will be made soon. "It is sheer nonsense for the state to pay for hotels, chair cars, taxicabs, tips for waiters, cigars, etc." Mr. Donahue believes estimates of moderate expenses should be made and this amount paid to the traveling employee along with his salary. The auditor "thinks \$1.50 to \$2.00 for a breakfast is grossly extravagant."

## Pleasant Ending Of Aged Convict Pardoned Thanksgiving Day

Waupun, Wis., Nov. 27.—The wish of David Jacobs, 60, who had spent 20 years in state prison for murder, that his life not be ended within the walls, was granted on Thanksgiving day. A parole from the governor had been granted and a son arrived to accompany his father home.

"We will have a Thanksgiving dinner here first, father, because we cannot arrive home in time to eat with the folks," said the son. The two went into a restaurant together. As they left Jacobs dropped dead of heart failure.

## WITHDRAWAL OF SHIPS OF BELLIGERENTS MAY BE ASKED BY PAN-AMERICANS

Washington, Nov. 27.—Determined to reduce the effects of the European war on the trade of Pan-American countries, the principal nations of South America are endeavoring, it was disclosed today, to secure the co-operation of the United States in a movement that would bring about an agreement with the belligerent powers of Europe to withdraw their warships from the neutral waters of the two Americas. Extension of the territorial waters of a neutral country from the present limit of three miles to much larger limits that would permit an unmolested east-west trade between the two Americas, the calling of a general conference of diplomats, representatives of the 21 republics of this hemisphere and prohibitions which would make it impossible for warships to sustain themselves with coal or supplies in neutral waters are among the suggestions which have been formally communicated to the United States government for consideration.

Argentina, Chile, Brazil Peru and Uruguay have taken an active part in the negotiations. President Wilson and Secretary Bryan will confer on the subject when the former returns to the Capitol.

It is understood that while the American government is hesitant about taking the initiative, the South American countries have paved the way by their various suggestions so that whatever action is taken will be of a united and collective character.

Some of the South American countries feel that as Europe has disrupted the trade of neutrals, the latter should more vigorously assert their rights. The chief trouble with South American trade is the lack of ships to carry cargoes and the insecurity of such trade as is carried in merchant vessels flying the flags of belligerents.

The presence of a German fleet in South American waters has held back many British merchantmen, while German steamers by the score (Continued on Page 3.)

"The Russians are attacking along the Cracow-Czenstochowa line with redoubled intensity."

## Home Rule Decision

Columbus, Nov. 27.—As Chief Justice Nichols of the supreme court will not return to Columbus until Monday, it is hardly likely that the decision of the court in the case brought by the dyes for a recount of the vote on the wet and dry amendments in Cincinnati, Cleveland, Toledo and Columbus, will be handed down earlier than next week. Those most interested look for a decision next Tuesday the regular time for decisions.

## COULDN'T OUIT SCHOOL BOYS SHUFFLE OFF

Mount Vernon, O., Nov. 27.—Guy Seymour, aged 15, killed himself last night at the home of his father, Wm. Seymour. His parents were absent at the time. The boy placed the muzzle of the gun to his head and pulled the trigger with a string fastened to it and tied to his toe. Practically his whole head was shot off. It is said he was despondent because his parents would not permit him to quit school.

Garland Jackson, 17 year old colored high school student fired a bullet through his left lung. The wound is believed to be fatal. He refuses to give the reason, but relatives say he objected to their desire that he continue his studies and graduate.

"Near the Kolubara river, in Servia, the enemy's center is in a very strong position near Lazarevatz, but we attacked and took 1200 prisoners, three guns, four ammunition wagons and three machine guns. To the south of Ljilj we took the eastern heights and 300 prisoners. From Valjevo our troops have advanced to Kosjovici."

THAT WAS SOME THANKSGIVING TURKEY

This ain't exactly th' way I look— it's th' way I feel. It's a monument to th' utter uselessness of a gourmet with a appetite to make a Thanksgiving dinner resolution. Every Thanksgiving' forenoon for some years I've been resolutin' I eat only a normal dinner and every year I've come away from th' table lookin' like this. It's no use. Here's th' weather for tomorrow:

Ohio—Unsettled tonight and Saturday; probably rain and colder tonight.

Kentucky—Rain tonight and Saturday; much colder tonight; colder in east portion Saturday.

## WILSON UNOFFICIALLY DISAPPROVES BOMB THROWING

Washington, Nov. 27.—President Wilson has communicated officially to the diplomatic representatives of the United States his disapproval of attacks upon the American flag and the American flag from aircraft dropped from unfortified cities occupied by combatants.

The President was careful not to take the matter up officially and did not even make his communication through the state department, but personally addressed the American ambassadors abroad. The President took this course, it became known today,

nearly two months ago. The facts came to light through the publication of a report that the President has discussed the matter with European diplomats. This, however, was denied by some of the prominent diplomats mentioned in connection with it, including the German ambassador.

It is believed here, however, that the President called attention to the article in the Hague convention of 1907 to which all the principal belligerents are signatory, which provides for notice of 24 hours before bombardment from the danger zone.

Whether there have been any unofficial responses from the belligerents was not known here today, but American diplomats were instructed by the President, it is understood, to handle the matter with such discretion and delicacy as would tend to end aerial attacks without notice and at the same time preserve the friendship which the United States feels toward all the belligerents involved.

It is not believed that the President mentioned any specific violation but expressed his views on the general subject of aerial attacks.

# GOLF CLUB ROBBED, LOCKERS ARE RIFLED

**S**OME folks have medals hung all over them and then it's hard to believe that they are heroes. They are the folks who need a sign on them to make the public believe that they are real men. They might be mistaken for fence posts.

And then there are other men who have medals on their manly breasts but who look the hero all over. You look right past the gaudy bangles and see the real worth behind them. They are men who count.

And then there are men who never happened to do anything noble when the limelight was turned on them but who are heroes in everyday life. You can tell them when you look them in the eye. They have no medals but they carry their own mark of merit with them.

Happily is the man who can recognize real merit from shame. You can hang medals all over a man but if he isn't a real man they will look like a porte cochere built on a henpen.

It takes the same kind of discrimination to pick the shoes of merit. You've got to look past the advertising to the stuff itself. It's got to make good. And you'll find **BAKER** shoes make good. Make no prove it.

# MAIL AUTOMOBILE BURNS; PASSENGERS LEAPED OUT

The Ford touring car, operated by Star Route Carrier Oakley Moore, between here and Winchester, caught fire in some unknown manner about ten o'clock half way between Winchester and Cherry Fork, and was burned down to the running gear," says the People's Defender at West Union.

"One large sack of second class mail, papers and parcel post packages, and part of the contents of another sack were destroyed by the blaze.

"Besides Mr. Moore, there were four passengers in the car at the time, Charles Riddle, who operates the electric plant here, and who was in the front seat with the driver, and three drummers in the back seat, E. A. Robbins of Chillicothe, B. K. Shields, of Buffalo, and Allen Doelling of Cincinnati.

"The top of the car was up, and Mr. Moore and his four passengers barely had time to jump out of the burning car.

"Mr. Moore left Winchester immediately after the arrival of the two morning trains, and was bowling along on a nice stretch of road at a moderate speed. He had just passed Levi Plummer's place about a mile from North Liberty, when the occupants of the car noticed flames spring up on both sides of the machine.

"Mr. Moore at once shut off the power and took a head-on dive out over the wind shield. His passengers lost no time in tearing themselves through the closed curtains to a place of safety. Mr. Moore had grabbed up the back sack, containing the first class mail, as he left the car, and two other sacks, containing second class matter, were cut loose from the car by one of the drummers. The second class sacks had been tied on the running boards of the machine.

"There is considerable evidence to the effect that the fire started in one of the mail sacks due to friction of some combustible article in the mail, as several people along the road noticed the blaze as the car speeded past them, but not in time to call out and have the car stopped. One or two parties telephoned to houses ahead, but the car had passed before the driver could be hailed.

"The undamaged mail and the partly burned sack were brought to West Union in Clem Kendall's car about noon. Mr. Kendall returning to the scene after bringing the report of appeal judges to West Union. He had left Winchester in advance of the mail car.

"The mail was not moved, however, until Mr. Moore had telephoned to Postmaster DeBruin at Winchester, and that official came out to inspect the damage to the mail.

"Nearly every piece of mail in the partly burned sack was damaged to such an extent as to render the article valueless.

"In this sack were two suits of clothes sent by parcel post from

Cincinnati to George W. Mencler, the merchant tailor. Both suits were burned into tatters and are entirely worthless. One had been ordered by Attorney W. C. Coryell and the other by John P. Shuster.

"The machinery on the mail car was still in running order, and the gasoline in the tank had not ignited, and as there was no evidence of a leak, the blaze is generally thought to have started within the mail sack on the running board. W. H. Orebough drove the damaged car back to Winchester."

Generals Hay and Villareal, Carranza adherents recently reported under arrest in Mexico City, are in Monterey with Carranza garrisons. Latest dispatches to the state department report General Villa and his forces at Tula about forty miles from Mexico City.

Communication is slow from Mexico City and officials today repeated the opinion that Villa probably already has entered the capital.

are lying idle in South American ports.

The South American countries also would prefer that the belligerent navies fight their battles in another hemisphere, the angles over the use of the wireless and cooling privileges having produced complications with Europe.

Although both Ecuador and Colombia claim that they now have taken measures which satisfy Great Britain and France of their neutrality, Chile's declaration that German ships had violated her neutrality has interjected another difficulty into the situation.

These problems have been recognized by diplomats generally from Pan-American as affording an opportunity incentive to united action on the part of the neutrals in asking for the removal of all belligerent warships from the American coasts.

## FURS

Arrived at Last Ready Now For All Demands

Mistake in shipment caused the delay. (Shipped to Portsmouth, N. H. instead of Portsmouth, Ohio.) It was quite a disappointment to us and especially to our trade, but it couldn't be helped. The calls were enormous and we judge the rush to be big. You had better call early and avoid disappointment.

## INJURED IN RUNAWAY

Mrs. Oliver Collins and daughter, Miss June Collins, aged 16, of Dry Run, were seriously injured in a runaway accident at "Pop Corn Point" Friday afternoon.

Mrs. Collins and daughter were seated on some boxes with which their wagon was loaded and as they swung to one side to avoid a passing buggy the horses frightened and ran away, throwing both to the ground and the wheels of the wagon passing over their bodies. Mrs. Collins had her hip sprained while the daughter received a bad injury to her back and arms. They were removed to their home in a buggy.

# Miss Dolly Wise

She is here to answer any and all questions concerning love, matrimony, troubles, weas, etiquette, etc. Inquiries should be addressed to Miss Dolly Wise care The Daily Times, Portsmouth, Ohio.

Miss Dolly Wise.—Will you please tell me in the next issue of The Times the address of the State Inspector's office of Boiler and Pumps at Chillicothe?

GEORGE.  
Address your letter to Mr. August Deschler, Chillicothe, Ohio.

Dear Dolly.—What would you do with a boy who would try to kiss you by force the first time he came to call on you?

LILLY.  
I'd turn him down so hard he'd ache all over. A boy can't kiss a girl, even by force, if she doesn't let him near her. You sit in one corner of the room and let him sit in the other, then he won't have a chance to get gay.

Dear Dolly.—I am 19 and have been going with a man of 24 for some time. He has asked me to marry him but I can't on account of my birth. I love him dearly and hate to give him up. Please advise me!

WORRIED KID.  
I don't know what you mean by "birth". If you are a good respectable girl and he is satisfied with that, why not marry him? He probably is not perfect himself. It will depend on how happy you make him whether he will regret his marriage in the future.

Dear Dolly.—I am going to entertain a few friends next week. Please tell me what to serve and how late should the guests stay. Also what games would be suitable?

## New Treatment for Bronchitis Asthma, Catarrh and Head Colds

**Vick's Vapo-O-Rub Croup and Pneumonia**  
Salve Relieves by Inhalation and Absorption. No Dosing.

When Vick's "Vapo-O-Rub" Croup and Pneumonia Salve is applied externally, the body warmly releases vapors of Pine Tar, Camphor, Thymol, Menthol, and Eucalyptol. These vapors are inhaled direct to the lungs and air passages where internal medicine can not go. They loosen the phlegm, open the air passages and stimulate the mucous membrane to throw off the disease germs. For catarrh and head colds melt a little in a spoon and inhale the vapors, also apply well up the nostrils. For asthma and hay fever follow the instructions given above and also rub Vick's well over the spinal column, thus relaxing the nervous tension. Vick's is not a "cure" for these diseases, but it has at least the merit of containing no harmful habit-forming drugs, and it is sold by all druggists on thirty days trial. If it fails to relieve in your case, the purchase price will be immediately refunded.

**VICK'S Croup and Pneumonia SALVE**

For sore throat, tonsillitis, deep colds, and bronchial troubles, apply Vick's over the throat and direct to open the pores of the skin. Then rub Vick's well in and cover with a warm flannel cloth. The next morning the phlegm is loosened, head is clear, and, in addition, the absorption of Vick's through the skin has taken out that tightness and soreness. Three sizes—from 25c up.

## Times Service Pattern 1124

1124. A pretty evening or dancing frock. Evening dress for Misses and Small Women. Shadow lace over blue silk, with chiffon crepe in blue is here combined. The underwaist is of lace. It is cut low and with sleeve portions combined. The over blouse is shaped in points, which are caught over the sleeve and held in place by ribbon straps on the shoulders. The tunic is in two sections, back and front. A giraffe of chiffon encircles the waist, and is draped low over the hips forming sash ends at the centre front. Pink charmeuse with crepe net or white satin with Duchess lace would also be good for this style. It is also nice for soft crepe and woolen, with combinations of lace or silk. A pretty in expensive gown may be fashioned from this model, in a batross in any of the new evening shades, with a simple finish of ribbon frills or embroidery. The pattern is cut in four sizes: 14, 16, 17 and 18 years. It requires 6 yards of 40-inch material for a 17 year size. The skirt measures about 1 1/2 yard at the foot. A pattern of this illustration mailed to any address on receipt of 10c in silver or stamps.

Orders for patterns are forwarded to New York to be filled, hence it requires several days for the pattern to reach the purchaser. Patterns can not be ordered by telephone. Do not use postage stamps for larger denomination than two cents.

### HAVE COLOR IN YOUR CHEEKS

Be Better Looking—Take Olive Tablets

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have had too little of your monthly—take Olive Tablets.  
Dr. Edwards' Olive Tablets—a substitute for cod liver—were prepared by Dr. Edwards after 17 years of study with his patients.  
Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color.  
If you want a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days, you must get at the cause.  
Dr. Edwards' Olive Tablets are on the liver and bowels like cod liver—yet have no dangerous after effects.  
They start the bile and overcome constipation. That's why millions of boxes are sold annually at 50c and 25c per box. All druggists.  
Take one or two nightly and note the pleasing results.

#### THEATRICAL

At The Sun. Halton Powells, production of the laughing carnival, "Safety First," opened to three capably houses Thanksgiving at the Sun theatre. The most blasphemous goer is assured of finding pleasure in the clever work of Earle S. Dewey, and Mable Rogers in "Safety First". They are given every opportunity to display their ability as fun makers, singers and dancers. There is something doing the moment this talented pair

hit the stage and as they are in evidence practically all the time, the notion of the piece does not lag.

In spite of the ability of Dewey and Rogers to hold up the show, even with a mediocre cast, Mr. Powell has engaged a company of unusual talent to surround them. Among the many clever and well-known farceurs are Frank Smith, Lester Dorr, Harry Sharpe, Hazel Regan, June Kermit and Larry Fuller. In all "Safety First" is one of the most pretentious productions Mr. Powell has yet offered the public. The chorus of charming young ladies is up to the standard on looks and ability while the costuming outclasses any similar attraction playing the Sun theatre.

##### Big Feature At The Columbia

"What's His Name," a five reel picture of George Barr McCutcheon's famous novel, from the studios of the Lasky Feature Play company, is announced at the Columbia today.

"What's His Name" is a stage romance and said to possess every virtue that constitutes a well made, well played film story. The picture was made by Cecil B. De Mille from the novel and the story.

Harvey, the heart of Blakeville, a soda clerk, is very popular with the girls. Harvey marries Nellie, the baker's daughter, against the wishes of Harvey's uncle, a crusty old bachelor, who is the village photographer.

After three years of blissful married life, Nellie meets one of the charming girls of a visiting show and through her joins the chorus.

When the show leaves for New York, Nellie, Harvey, and Phoebe, their little girl, go with it. During the performance in New York, Nellie makes a big hit and arouses the interest of Fairfax, a millionaire man about town. Nellie becomes the star of the play at a big salary.

At the manager's suggestion to keep her husband in the background, she establishes Harvey and Phoebe in a house at Tarrytown and spends Sundays with them there.

Harvey becomes known as "What's His Name," the husband of Nellie Duluth. In a few years Nellie becomes the rage of New York and because of Fairfax she surely comes to see Harvey and Phoebe.

Harvey meets Fairfax and becomes jealous of his attentions to Nellie and while leaving the theatre after a short visit he goes with her bringing food and wine to her dressing room and return later to find Nellie, Fairfax and a great party of friends hilariously

# IN A BRILLIANTLY PLAYED GAME P. H. S. WON 33 TO 14

## Old Red And Blue Winds Up Season In A Flashy Style

Displaying a superior knowledge of the game, forming what at times was almost unimpeachable interference and executing the intricate forward pass with almost uncanny skill and aided and abetted by the brilliant footwork of one "Casey" Jones, lowballed head-on, the Red and Blue before 1,500 football fans triumphed over South High Thursday afternoon at Millbrook park. The final score was 33 to 14.

Climaxing their season's work in spectacular fashion the Red and Blue gridders frequently bowled over their much heavier opponents for large gains and played an article of football that brought fame to themselves and to the good school they so ably represented on the gridiron this season. Ripping gey-balls in their opponents' busy line, skirting the well guarded ends for repeated gains and now and then working that ground-gaining weapon, the forward pass the Red and Blue simply played all around the Capital City side, in every style of play they excelled and the margin was so wide as to leave no doubt as to which was the better team. After shaking off its stage fright the Portsmouth eleven warmed up to their work and scored a touchdown in the first quarter, two in the second period and one each in the last two periods. South High got away to a flying start as within five minutes of play left halfback Howdy played the river city line and with a clear field ahead of him he safely planted the oval behind the goal when Skatton booted the oval squarely between the posts.

But Portsmouth was not discouraged. No, not at all. When the teams lined up again Portsmouth line held like adamant and South High was forced to kick. On an exchange of punts Portsmouth profited as Pout punted for 40 yards. Three plays netted 18 yards and the ball was soon on South High's 20-yard line. It was then that Pout grabbed a forward pass and crossed his opponent's goal line. Pout failed to kick goal. Score first period South High 7, Portsmouth 6.

Encouraged by the easy manner in which they boxed the visitors ends and hury through their heavy line Portsmouth got down to real work in the second period. With machine-like precision the team ripped off big gains, and soon was a player thrown for a loss. The ball was soon carried to South's 20-yard line. Then a forward pass was executed by Jones and Swishelski, the latter being on the receiving end of it and soon planted the ball behind South's goal. Again Pout failed to kick. Score Portsmouth 12, South 7. South kicked off to Portsmouth and five plays netted 25 yards. Jones then broke into fame by making a 30 yard run through left tackle. He straight-armed five opponents before being tackled. Two plays and Jones was across the goal. "This time Pout had the range and kicked a beautiful goal. Score Portsmouth 19, South 7.

In the third period Portsmouth kept the ball in South's territory all the time. South seemed to lose heart and the team was held for down three times. Working the oval up to striking distance Quinn saw a good chance to dart through an opening in South's line and with no one in front of him he scored Portsmouth's fourth touchdown. Pout again took the oval over the bars. Score Portsmouth 26, South 7. In this period Swishelski, Quinn, Test, Hopkins and Jones made big gains. Dec York reformed Brandy and covered a world of ground, running with splendid judgment. Duwell and Horchow also performed yeoman service.

In the final period each team scored a touchdown. The demon Howdy got away again and eluding Jones he scored his team's second touchdown. Skatton kicked goal. Score Portsmouth 32, South 14. Then Portsmouth got busy in the scoring game again. First Hopkins would tear off a substantial gain and then Test, Pout, Brandy and York would get busy. The flashing Jones would insert a fine gain and South High was completely on the defense. Nothing worked in several good gains as did Geiger, Duwell, Sprecker.

Test was a marvel at center. His passing was perfect. Realizing that it was growing dark rapidly Jones carried the ball over South's line two minutes before time was up and Pout converted it in a goal. Final score Portsmouth 33, South 14.

Howdy scored Columbus' two touchdowns and Quinn, Pout, Jones and Swishelski delivered beautifully for the old Red and Blue. It was a cleanly played game in which the better team carried off the spoils.

Gaudy contesting every inch of the way and showing a come back spirit that was like a tonic to the 1,500 fans who crowded the sidelines all P. H. S. simply wallowed in a pool of glory on Turkey Day. The boys played with skill, speed and resourcefulness. All the fine points of the revamped game were employed at the psychological moment and the sturdy Columbus eleven on the gulphed Portsmouth 20 lbs on hand to root for the gridiron warriors.

## PUNTS AND PASSES

Pout Aveu Horchow ran his team splendidly. He used fine judgment, frequently carried the ball for good gains and had the old pepper all the way.

Ripple riddled only by name. The big fullback of the visitors was tackled so often in his tracks that he refused to carry the ball in the final lap.

Howdy of the visitors kept introducing his ferocious style of play all the way. And say, but that stockily built, good looking chap can run. He hits the line low, hard and frequently. He was one of the scintillating stars of the game.

Swishelski and Pout divided honors in their respective positions. They played like veterans.

It was good to see Little Dec York pick his way through the maze of beef that South High threw around him. Hopkins too was fine on the offense.

Like his illustrious namesake Casey Jones is built for speed and speed. Time and again he sent a thrill through the spectators by his flashy foot work. He is almost tackle proof. When called upon offensively or defensively he was equal to the emergency. This lad has the real football instinct.

The large crowd was something to the eye. Barbed and befowered it roared lustily for P. H. S. Many a pair of daintily gloved hands collided with each other when the Red and Blue kicked up a few. Oh beef stew.

The visitors played hard to win, but they did not have the inherent strength. The punch was lacking as was the winning spirit. South High virtually quit after that eventful second period. Substitutes were dragged out, but there was no cohesion to their attack and no system to their defensive work. Time and again the man carrying the ball was tripped by one of his own players. This, South High threw around him. Portsmouth on no few occasions.

Pout showed his skill in the art of punting. When called on to introduce his foot to add pizzazz he did so vigorously and accurately. In another year he will have the polish of Casey Jones.

Prof. Lambort of South High accompanied his blood headed warriors and looked after the mauners, the old halo-bros. And the recruits were very large.

Darkness was fast settling over the field when hostilities ceased. It was then that P. H. S. gave three yells for Columbus and South High slipped into high gear and dashed off several of those unrelenting yells that go with all football games. They are to football what scenery and footlights are to the "dramat." Say, Jack, where are them papers?

The field was bone dry and the air was just suited for the game. Very little time was taken out and there was snap and vim all the way. Before Zoellner handled the game with skill as he always does. He huts about 700 in this refereeing league.

Pout showed his skill in the art of punting. When called on to introduce his foot to add pizzazz he did so vigorously and accurately. In another year he will have the polish of Casey Jones.

## The President Will Not See The Big Army And Navy Game

Philadelphia, Nov. 27.—The advances of the Army and Navy began to arrive in Philadelphia today for the annual football battle between the West-Point cadets and the Annapolis midshipmen on Franklin field tomorrow afternoon.

Enter scouts have been crisscrossed at Franklin field and the largest crowd that ever saw an Army-Navy football game in this city will be on hand to cheer their favorites.

As a whole the Army-Navy is the most spectacular in the football schedule of the year. The uniforms of officers, the battalions of gray clad cadets and the regiments of blue uniformed midshipmen, the martial music of the big brass bands, and the commingling of the colors gave a picturesque setting that is inspiring.

President Wilson, who saw last year's game, will not be here but several members of his cabinet, including the secretaries of war and the navy will be on hand to root for the gridiron warriors.

Encouraged by the easy manner in which they boxed the visitors ends and hury through their heavy line Portsmouth got down to real work in the second period. With machine-like precision the team ripped off big gains, and soon was a player thrown for a loss. The ball was soon carried to South's 20-yard line. Then a forward pass was executed by Jones and Swishelski, the latter being on the receiving end of it and soon planted the ball behind South's goal. Again Pout failed to kick. Score Portsmouth 12, South 7. South kicked off to Portsmouth and five plays netted 25 yards. Jones then broke into fame by making a 30 yard run through left tackle. He straight-armed five opponents before being tackled. Two plays and Jones was across the goal. "This time Pout had the range and kicked a beautiful goal. Score Portsmouth 19, South 7.

## Quick on the Trigger With a Snap-Shot Eye

THE crack trapshooter has to be a man with steady nerves and muscles absolutely under control—always ready, at the sudden jerk of a string to swing his gun into place and bring down his clay pigeon. This means trained, not to the minute, but to the split-second. He takes no chances with his nerves.

We present the names of some of these crack shots who smoke Tuxedo. They like to smoke; but they take no chances on a tobacco that might "throw them off."

## Tuxedo The Perfect Tobacco for Pipo and Cigarette

is purposely made to give you all the benefits of the highest grade smoke. It is made from the very finest tobacco Kentucky grows—ripe, mellow, sweet and mild old Burley, aged right up to perfection-day. Then treated by the original "Tuxedo Process," which takes out the sting, makes Tuxedo smoke cool and slow, and guarantees that it cannot bite your tongue.

Tuxedo has had many imitators; none has ever equalled it in sheer quality and smoking-value.

Considerable excitement was occasioned on the West Side, near Nanyoo, Thursday afternoon, when a buggy overturned on a steep embankment at the side of the road, throwing its occupants, a young couple, out of the rig. ## Police After Bliss; Uncover "Affinity"

Acting upon complaints, police made a search for Harry Bliss, a West End young man, who is said to be keeping company with a young woman living near Third and Madison streets.

The officers visited Mrs. Clark's home in the old Farmer hotel property owned by Clay Mershon. They found some women there,

but Bliss was gone. Lee Cull and Warren Carter were in a rear room and it developed that Carter who is the man who caused Clark and his wife to separate, was boarding his children there, this despite the fact that Judge Beatty had ordered him and Mrs. Clark to stay apart. The judge will be notified of the result of the police investigation.

## Man And Woman Drunk; Arrested

Police raided the so-called "Cook's Ranch" at No. 1043 John street, late Thursday night, arresting Miss Jamie Earls and Oscar Heid.

The couple were taken into custody upon complaint of the woman's sister, Miss Betty Earls. She reported that her sister was drunk and had tried to assault her with a chair. She left the house with Heid. They returned later, Heid stopping John Bitt, a tenant of the place, while the girl abused the man. As both Heid and the woman

were under the influence of liquor, they were locked up.

The police found three women occupying two front rooms of the house, and, in making inquiries, learned that Sally Yates and a light-haired girl who formerly lived in the Morrow flats, were in the habit of frequenting the place. Men were constantly seen entering and leaving the house. George Rice, who lives on the premises, told the police that he had seen Heid enter the house by climbing through a window.

## Claims His Wife Is A Bad Actor

W. L. Henderson, a stove molder living in the North End, reported to the police officials Friday

morning that his wife, Mrs. Rosie Higgins-Henderson had been running around with other men since they separated a few nights ago. Henderson said that George Rogers, a car shop employee, Mose Rice and Will Clifford had been furnishing his wife with whiskey and that she was boasting of the orgies they had in the hills north of the city. Rogers is the same man arrested some time ago for being in her company and was warned at the time to cease his attentions to her.

Mrs. Henderson was the mother of eight children three of whom are living. Henderson has found a temporary abode for them at his mother's home. Mrs. Henderson is a native of Fire Brick, Ky. A second complaint was to the effect that the woman had been drunk since Wednesday night and that she spent Thursday night at the home of Mrs. Sarah Hill-Higgins in the North End. The mayor instructed the chief to investigate.

### ENGINEER UNDERWOOD IS SUBJECT OF ARTICLE

We have on our desk a very interesting magazine, The Railroad Association Magazine, an organ of the Railroad Young Men's Christian Association. In it is a very interesting write up of Engineer Joe Underwood of this city. With the article is a splendid likeness of Mr. Underwood. The article reads as follows:

Underwood is one of the 5,000 converts who "hit the trail" during the "Billy" Sunday campaign in Portsmouth three years ago, and ever since that memorable night he has been a power for God and righteousness among railroad men. The good he has done and is doing can never be estimated this side of the throne of God, for he is a firm believer in the doctrine that a Christian should be kept busy. His forte is personal work and it matters not where he may be—on the engine, in the roundhouse, or in the lobby of the Y. M. C. A.—he grasps every opportunity to deal with his fellow workers on the subject of their spiritual life. "Joe" performs this work in a sane manner, too, and is never offensive to those with whom he deals.

"Before his conversion he was one who had 'hit the high places,'

and when he addresses a group of railroad men and speaks of the subtle temptations which are common to them, he knows just what he is talking about, and presents his truths in such a manner as to grip them and win them. He was scheduled to give a gospel talk in the lobby of the building one evening last winter and advertised as his subject, "Crossing Dugess Hill." This is one of the steepest grades on the N. & W. system. Groups of railroad men hovered around the bulletin board, all wondering what "Joe" would get out of such a subject. The result was that the lobby was packed, and "Joe" gave one of his characteristic preachments on "Temptation," at the close of which a score of hands were raised for prayer.

"Joe" Underwood is not only a loyal member of the Association, but is also one of the right hand men in the church of which he is a member.

### EICHENLAUB STARRED IN LAST GAME

Raymond Eichenlaub, nephew to George Goodman of this city, played his last game of college football, Thursday, with Notre Dame, which team triumphed over Syracuse by the score of 20 to 0. Eichenlaub, who is regarded by practically all the expert critics as the all-American full-back, starred throughout the game as indeed he has ever since joining the team. In commenting on the game the Cincinnati Enquirer had the following to say from its special correspondent: "Eichenlaub, for the visitors, played a remarkable game. On nearly every attempt he burst through the Syracuse line and made substantial gains."

Mr. Eichenlaub has often visited in Portsmouth and Mr. Goodman is expecting him here during the holidays. He is a powerful built fellow and nearly looking chap in every way.

### SCIOTO CO. HUNTER SHOT BY COMRADE

Three hours after learning that the quarantine on hunting had been lifted, Earl Duvendek, aged 28 years, son of Mr. and Mrs. John Duvendek, of Sciotoville, was the victim of the first hunting fatality of the season when George Swickert emptied part of the contents of one barrel of a double barrel shot gun into both limbs of Duvendek while hunting on the Loren Yost farm on Dogwood Ridge. The accident took place at 7:15 o'clock this morning.

Duvendek, George Swickert, placed in a buggy and brought to his home in Sciotoville. Dr. A. P. Hill was summoned and picked out the small shot with very little difficulty, as they were not imbedded deeply, Swickert being about fifty feet away when he fired. Barring complications Duvendek will recover soon. He has been employed in the butcher shop of Albert Fewkes. Duvendek is one of the best known young men in Sciotoville and the news of the accident will be learned of with regret.

### Prof. McCowen Fires A Shot To Scare Off 3 Nerry Burglars

Burglars made an unsuccessful attempt to break into the home of Prof. E. O. McCowen at Wheelersburg, about 2:45 Friday morning. The robbers were discovered by Mrs. McCowen who heard them on the side porch. She awakened her husband who went to a rear window and fired one shot from a revolver into the air to scare the men away, but they evidently were not of the "scurry" kind, as Mr. McCowen heard one of the men say, "I am here."

Going to a front window Mr. McCowen yelled for neighbors and at the same time the two men came around to the front of the house and stood in the shadows so close to it that he could not draw a bead on them.

One of the men whistled and another man appeared and joined them and they hurried off down the road.

Miss Kate Crichton, a neighbor, heard the men talking a short time before Mr. McCowen shot. The men are thought to be tramps.

### HAD HYSTERICS AND FAINTING SPELLS

Asbury Park Woman Had Complete Nervous Breakdown—Restored to Health by Vinol.

Asbury Park, N.J.—"I was in such a nervous, weak, run-down condition that I could not sleep nights, every little thing disturbed me, my appetite was very poor, and I was losing flesh. I was so nervous at times that I used to faint and have hysterics. I do my housework for a family of four, and they became alarmed at my condition. I tried beef, iron and wine and cod liver oil emulsions without benefit. One day our druggist suggested that I try Vinol and told me how it had helped others. I did so, and it has simply done wonders for me, as I am a well woman and entirely cured of my nervousness."—Mrs. KATHERINE E. KLEIN, Asbury Park, N.J.

Such reliable testimony should convince others of the value of Vinol, therefore if you are worn out, weak and nervous and want new strength and more vitality, we ask you to take Vinol, our delicious cod liver and iron tonic. If it fails to benefit you we give back your money.

Vinol is a constitutional remedy for all weak, nervous and run-down conditions of men, women and children. Frank Adams, Druggist, Portsmouth, Ohio.

## HUNTING BAN IS LIFTED, IN THIS COUNTY, MANY HUNTERS ARE ON THE JOB

Thursday was indeed a day of thanksgiving for the hunters of Scioto county, for it was late Thursday afternoon when the news came over the wires to Deputy Game Warden Harry Ball that the quarantine against hunting had been lifted in this county. The news was bulletined all over the city and circulated as much as possible throughout the county by the local officials, who have been besieged with inquiries about the quarantine ever since it was placed.

Scores of hunters dug up their license certificates, polished up their guns, gathered up their traps, and started out bright and early Friday morning to give their rabbits a battle. The rabbits in Scioto county are doubtless aware by this time that the protection thrown about them by the state authorities has been taken away. Numerous automobile parties of hunters left the city early Friday morning for their favorite hunting grounds, some of them leaving for the adjoining counties where the quarantine was also lifted.

Scioto county was included among the thirty-eight counties where the ban against hunting was lifted Thursday. This action is taken to indicate that the federal authorities are making satisfactory headway in stamping out the hoof and mouth disease. The disease has never spread into the

## HAD TURKEY DINNER

Albert Bradshaw, proprietor of the W. J. Buittman cafe on Second street, entertained a number of his friends at dinner Thanksgiving Day at his home on Ninth street. Turkey with all the trimmings were served the guests, who had a most enjoyable time. Musical selections by Mr. Bradshaw's daughter, Marie, and some of the guests added to the pleasure of those present.

## DISTEL HEARING WILL BE DEC 4

Friday, December 4th, has been fixed as the date of the hearing on the application of Louis M. Distel for a renewal of his saloon license by the County Licensing Board. Notice to that effect was mailed to Mr. Distel Friday morning, and he will have one week in which to prepare his case. He will be represented by Attorneys Milner, Miller and Sonst.

The local board rejected Distel's application about three weeks ago, but he appealed the case to the State Commission. After considering the case, the commission recommended the case to the local board for a re-hearing, on the ground that Distel was not given time to prepare his defense at the former hearing. His place has been closed since November 24th, the beginning of the new license year.

The State Commission has ordered that Distel be heard on two charges, first, selling to habitual drunkards and those who drink to excess, and second, that he is not of good moral character. The local board, however, in its notice to Mr. Distel, advises him that testimony will be received at the hearing concerning the general character of the saloon during the past year, and the causes and the result of the assault said to have been committed in his place on Friday, October 30th. The hearing will begin promptly at nine o'clock next Friday morning.

## To Repeat Cantata

On account of the numerous requests, the chorus of the Evangelical church has decided to repeat the cantata, "Jehovah" (C. W. Lorman) in the church, Fifth and Washington streets, on Sunday evening. The cantata is of a semi-classical character, setting forth the various attributes of God.

The solo parts will be rendered by Miss Irma Lindemeyer and Mrs. F. Lorry, soprano; Miss Elizabeth Pfau, alto; Mr. John Wilhelm, tenor; and Mr. Clyde Knost, of the Cincinnati School of Music, bass. Mrs. Phil Wiekhorst will preside at the organ and Mrs. S. Lindemeyer at the piano. The cantata will be directed by Rev. S. Lindemeyer. Admission will be free, although a silver offering will be appreciated. Concert begins at 7:15.

## FOOD IS HIGH IN HUNGARY

Articles that formerly sold for one cent in war-ridden Hungary are now being retailed for \$1, and 200 pounds of wheat will bring \$25, is the story told in a letter from Mrs. Jacob Glaub of Mezotaszony, Hungary, to her son, Martin Glaub, a clerk and interpreter in the Salvage store.

The letter came unsent and bears the censorship stamp of Germany and Hungary. Mrs. Glaub says that her son, Louis, was drafted for service, but was later sent home. He is only 19. Mrs. Glaub says the war has boosted prices sky high and that thousands of families in Hungary are in actual need.

### HERE IS A CASE OF REAL HARD LUCK

It would be hard to find a "sorer" man in Portsmouth right now than George Holman, the accommodating ticket agent at the N. & W. depot. George would rather hunt than eat when he is hungry, so, to thoroughly enjoy his favorite pastime, he worked throughout the sweltering summer months and picked his vacation time during the hunting season.

His vacation commenced on the opening day of the hunting season, the day when the quarantine was ordered, and ended Thursday, the day the ban was lifted. To add to his discomfiture, he spent the fifteen days with relatives in Bloom township, where the rabbits were running riot through the fields and orchards, doing considerable damage.

## THOUSANDS WERE AFTER JOBS IN THE STEEL MILL

Harry Denton of the Salvage store, is in receipt of a letter from his father-in-law, Henry J. Clark, who is employed in the mills of the Gary Steel company at Gary, Ind.

Mr. Clark says that when it was announced that the mills would

resume operations, in four hours 10,000 men, many of whom were accompanied by their wives, lined up in front of the main entrance to the Gary plant and actually fought for their positions in line. According to Mr. Clark many of the women pleaded with the firm to give their husbands work.

## POOL GAME COST \$25

Henry Ladd, a night employee of the B. & O. S. W. round house, is mourning the loss of \$25 which disappeared just after playing a game of pool at the Golden Eagle cafe Friday morning.

Ladd had just drawn his pay and after paying current bills repaired to the above place for a game of pool. A stranger joined in the game. When Henry prepared to settle for the game he tendered a five dollar bill and replaced the balance in his pocket. A few minutes later he found the money gone and while he made no report of it to the police he was positive that it was stolen from him.

## SPECIAL SERMONS

A special series of sermons will be delivered by the Rev. A. R. Connell, pastor of the Bigelow Methodist church on the Sunday evenings of December. Rev. Connell is gaining the reputation of delivering some of the best sermons ever heard in the city and a big crowd is anticipated to hear him.

The subjects are as follows:

Dec. 6th.—"The United States in Prophecy."

Dec. 11th.—"What about Evolution?"

Dec. 20th.—"Where are the Dead From Death to Resurrection?"

Dec. 27th.—"The Pre-Adamite Race; The People Who Lived on This Earth Before Adam and Eve."

### DIDN'T KNOW IT WAS THANKSGIVING

Do you think it is possible for a man to overlook Thanksgiving Day?

Do you think that if you read a number of papers and had both telephones, as Mr. Tracy admitted he had Friday while in the Hammer Club, that you could possibly permit Thanksgiving Day to be actually here without knowing it?

Well that is exactly what happened to John B. "Demot" Tracy, of Hales Creek, Thursday. According to his own story, told in the

Hammer Club today, Mr. Tracy left home Thursday morning and came to the city to pay his insurance. It wasn't until he reached town and saw that all the stores were closed that he realized that it was actually Thanksgiving Day, the day in the calendar when America gives thanks for the good things showered upon us during the year.

Mr. Tracy thought the joke such a good one that he could not refrain from telling it on himself.

When I recovered sufficiently to walk about the house I was left with a frightful, hacking cough, which no medicine I had taken could alleviate. It was at this time, March 1902, that I started taking Beckman's Alternative. In a short time my cough was gone and I was pronounced well. I cannot speak too highly for the good it has done." ## Y. W. C. A. NEWS

#### Light Up!

Officer Clark reported to headquarters that Andrew Glass, manager of the Portsmouth Steel company, had been driving his automobile without a headlight Thursday evening.

The work of the Association is progressing steadily. All organized classes are doing good work, the members showing their interest by regular attendance.

There were only two factory meetings this week on account of Thanksgiving Day. The Excelsior girls increased their attendance this week. Mrs. Lena Kline Reed entertained them and also the girls at Drows. The girls are keeping up their attendance and showed their interest and delight by organizing what is called the Draw Choir. These young women have very good voices and will sing at a Vesper Service some time soon.

The girls in the Boarding Home enjoyed a beautiful Thanksgiving dinner. They had turkey and all the good things that go with it. Covers were laid for thirty-four, all sitting down together after singing together "Praise God From Whom All Blessings Flow."

During the dinner a rousing vote of thanks was given to our splendid cook, Miss Cora Brown, and to Miss Elizabeth Farmer, house secretary. They also want to thank Mrs. Anna Jordan for the supply of mince meat for pies that finished off the dinner.

Our next Sunday's Vesper Service will be one of praise led by Mrs. Henry Herr. Miss Hazel Mills will sing. We will begin reading a new book, one of interest, so come and get the first chapter next Sunday at 3:30 p. m.

## MRS. RUARK DENIES

In a letter to The Times, Mrs. Ella McCauley Ruark claims that the counter-charges filed by her husband, Oscar Ruark, to her petition in divorce in common pleas court are false. She further stated that within the next ten days she hopes to prove to the court that Mr. Ruark's counter-charges are false.

#### BLAMED THING EXPLODED

This afternoon John Ross, John Schlechter and Charlie Bages were playing with an old water tank in John Ross' yard on Fourth street, and after filling the tank with water they built a fire under it. John Schlechter pulled a plug and an explosion occurred, scaring the boys almost out of their senses and bringing all the neighbors in a hurry to their backs doors. Ask the boys if they were scared.
